Our son is now 49. Dr. Hostetler was just beginning his practice in Parma and came to MacDonald House to do our newborn exam before discharge. We were blessed by his wisdom, kindness, and professional care as our pediatrician. Our prayers go out to all his family. Gratefully, The Christy Family

Our thoughts and prayers go out to the Dr. Hostetler's family. His memory will live on as will his great impact on pediatrics, juvenile diabetes and the community. In working the window at Pediatric Services, I remember asking what "No chg P/C" meant on the chart. "Oh, that is Dr. Hostetler. It means no charge. He'll do that a lot." Trent Meyerhoefer & Family

One of my most memorable days was a Sunday at the office. There was a bomb threat to the building. We had to evacuate. We opened up the back of my mini-van, he sat in back and had the kids hop up, we saw everyone, there in the parking lot. Opening day lunch parties, cold strong coffee, staying late, coming in early, working through lunch, morning hugs. 15 years as a patient, 36 as an employee and friend. I will miss him greatly, I will miss pulling up his drive to stop in and say Hi. Love you lots Hos, you will never be forgotten by the thousands whose life you touched, Cheers.

His church family will always remember him singing "Were you there" for the Good Friday service. A faithful choir member and man of God.

Our 8 children were all cared for by Dr. Hostetler. All his advice and teaching still rings true all these years later now that there are grandchildren. We had plenty of office visits and lots of elephants drawn on arms after TB tests. He was there in the newborn nursery, the Pediatric floor when a hospital stay was called for and later in the office to care for one of our grandchildren. He is loved and respected and will not be forgotten. Our hope is that you will be comforted by all the good memories so many have of him. Bless all of you during this time. The Yanak Family
