Your mom will always hold a special place in my heart. She was my first friend I made when your Megan and my Megan were in kindergarten. Every day we waited outside for the girls to come out and talked about everything. Because of her is how Barbara and I became such good friends. I still have the video on my phone from July 2, 2015 the evening I sat with her at your house and she sung a song and we laughed and held hands. She always lit up when I came over and always asked how my mom and my kids were doing. What a wonderful woman and I will never forget her!
