I will never forget the countless number of 4th of July's spent together. Our families had so much fun with the go-karts and eating good BBQ. It was the best day of summer and always worth the trip to watch fireworks together in valley city even though we knew it would be so crowded. So many wonderful celebrations of ringing in the New Year with our families when we were younger and our parents carrying on the tradition year after year. And who can forget the infamous clambakes! Looks like our families like to gather around events with good food! I will always remember Sherry as she was such a wonderful person to be around and such a great story teller. From child to adult I always enjoyed listening to her as her stories were very entertaining! Love you Sherry!

This world will truly miss a truly great person in Sherry. We adopted Sherry as a true member of the Strongsville High School Class of '62. Without Dick's idea and all the hard work of Sherry and Dick, our 50th class reunion would not have been as wonderful and memorable as it is.
