“ I knew Dee from grade school and as time went on we grew apart. We had a chance to catch up at our high school reunion a few years ago and found many things in common. See always encouraged me to grow and be mindful of my health. She will be missed. My thoughts and prayers go out to her family during this difficult time.

“ Dee and I worked and played together for over ten years. When I walked into her office, filled with pictures of her beautiful family, especially her babies, my day would brighten seeing her sweet, smiling face. I was so proud of how brave and committed she was to treating her whole body and soul. There is no doubt that she is in heaven, dancing with the angels and watching over all of us.

“ I'm so incredibly sorry to hear this. Dee was always a spot of sunshine when I ran into her and a wonderful listener. She and I shared an interest when our boys were in elementary, we lost touch over the years but she would always send me articles that she thought I might be interested in.  
Thank you Dee for being a special part of my life and for the positive outlook you brought to those around you. God bless you and your family.
