Comments

“ We became friends of the Rabe family and spent much time at Panera's in Onalaska WI
We enjoyed seeing Julia (and Amanda) grow into beautiful, special young ladies. Our world has lost a special human that had much to offer. So sorry to see her gone.
Richard and Nancy, may our love and caring for your family help to ease your pain.

“ Julia was physically one of the most naturally beautiful people I had ever met- alabaster skin and auburn curls. Her presence lit up a room or party. She made life seem easy even when hers wasn't. She was determined in everything she did, without fear or hesitation. Strength and grace. May the Lord comfort all who mourn her passing. Love to Nancy, Richard and Amanda, and her dear husband and precious children. Our thoughts and prayers are with you. Tom & Peggy Hoff

“ Julia was far more than my student; she became my friend. I was the program manager at OSU for the teacher preparation master's program Julia was in during 2009-2010. I have many fond memories of those sixteen months -- and we kept in touch afterwards both professionally and personally. She sent me a picture of Rivyn that New Year's Eve – the very day she was born. That says so much about our relationship. But what I treasure most about Julia is this special memory. She and Jason got married just a few months before one of my own children married. At the time my kid was going through serious health issues like Julia had dealt with when she had been in high school. Julia was so open with me about everything and checked up afterwards to inquire about my child's prognosis. I will never forget what she did for me. My love and sympathy for the Rabe and Hoy families.

“ I spent what was perhaps the most formative 15 months of my life seeing Julia Hoy almost every day in our graduate program in education. We bonded over a mutual love of pink and baking, as well as a mutual disdain for place-based pedagogy and Taiwanese frogs. She showed me how to take myself way less seriously while taking the practice of teaching very, very seriously. Even then, I knew she was going to be one of the teachers who gets asked to hand out diplomas and tassels, and invited to weddings and baby showers later on down the line.

After graduation, we saw each other a few times a year. We bashed our way through the first year of teaching. She continued her education career while I had a quarter-life crisis and made questionable choices all around for a few years. She talked me through an embarrassing number of poor dating decisions with heaps of practical advice and not a shred of judgment or pity. She dragged me to Starbucks while I was feeling sorry for myself and thus brought Monica Markovski Commerford into my life. She supported my photography aspirations by gamely posing in the grass at Whetstone Prairie while 8 months pregnant. She helped me teach physical science which I have no business ever attempting to teach.

Together we became teachers, wives, mothers, and friends. I am a better person because of her. Rest in peace and physics, my dearest friend.

“ I had the pleasure of meeting Julia at Normandy last year, and both years we had our planning periods together. I looked forward to our one on one chats everyday and really cherished our friendship. She was a special woman and so extremely courageous. We will all miss her terribly.

“ I am very much saddened to hear about the passing of Julia. I only knew her for a short time professionally through her work at Normandy High School last year. I had the privilege of doing study hall duty with her. During that short period of time I had the opportunity to witness her warmth, intellect and above all her passion for teaching. I really enjoyed my conversations with her. A new black hole has been created in the universe. May its gravity draw us closer to her spirit. My thoughts and prayers are with Julia, her family and loved ones. - Michael Borowiak

“ I still remember Julia from the time she was about 1 yr old. Both, I and Richard were fellow graduate students at Ohio University in Athens. She was such a beautiful girl and we had formed a special bond with each other. Although, we didn't see much of each other since we left school (she was about 4 yrs old then), I always knew about what was going on in her life through Richard and Nancy. About two years back during a visit to Grand Rapids, when I was having dinner with Richard and Nancy, she phoned her to talk to me. We talked briefly and after all those years she still sounded like the warm, articulate, beautiful little girl as I knew her. That was the last time we talked and I can't express my feelings in words at this moment. All I know is the fact that it was not her time. I am going to share here a couple of precious photos I had of her. May God give her peace wherever she is now.

“ I may have only met Julia once but to even be in her presence for a short time showed me what a beautiful spirit she had and what a fierce love that she held for her family. I am so terribly sorry for the loss of a light so bright and pure and my thoughts are with her family and loved ones.

“ To know Julia was to love her. She had a huge heart and a smile to match. She fought so hard and was so brave. I am so grateful to call her a friend.

My deepest sympathies go out to the Hoy and Rabe families. You are in my heart during this time. So many people loved Julia and will be there to support you during this difficult time.

Jessica O'Brien - July 07, 2018 at 08:41 PM

“ Julia was such a loving and kind person. She was outspoken, but for those who were vulnerable and needed a voice. Julia, you were loved and will be missed. May your kids always think of you fondly and may they always be told that their mom was a fighter. A fighter against cancer and against evil in the world.

“ I shall always remember senior prom when Julia made her dress from a gold brocade, and asked if by any chance I could make a bow tie of the same fabric for Jason. I happened to have a bow tie pattern, and was glad to make one. I also made him a "pocket poof" to match to complete the outfit. They were quite the dashing couple, especially crammed into that phone booth!

We didn't quite top that with the combined graduation party, but Jason often commented later (after chef training) on how brave I was to have five teens decorating cake in my kitchen. Julia made sure we got the cake flavors well spread out on that deal, which freed me to worry about helping get the decorating going and keeping the focus on being done in a timely manner.

I shall miss her greatly.

“ I will always remember Julia and Kristen together as comrades in arms during their teen years -- bravely-growing, genuinely-laughing, brightly smiling, always learning, life-embracing, and faithfully-befriending. Her passing is a loss to all who knew her.

“ I worked with Julia when she was at Mechanicsburg. I was the IT guy, but was the chemistry teacher years before Julia was there. She would pick my brain from time to time & would bounce ideas about teaching off me. She cared for her kids more than they will ever know & worked her tail off for them. Julia was a darn good teacher. I was fortunate to get to know her, and am sorry she was taken too soon.

“ I've known Julia for over 10years on weddingbook and despite never being able to meet in person due to me being in the UK we always kept in touch, even if it was just a quick hi how're you! She was always so happy and positive about her work and family!
Taken far too soon. Much love to all her family at this difficult time x
