“ Rick was a great person. He had to be to put up with the shenanigans that me and Chris did all the time. I remember his helping us turn green army men into green space men using bottle rockets. He will be missed

“ Rick was one of the greatest men I could ever know . he'd do anything for anyone . had so many great times with him taught me so many things . but the way he cherished and loved my sister Brenda was amazing . but they're now together for eternity and that brings me peace . and to their 2 boys Chris and Derick no doubt they're very proud of you . Rick you were way more than my brother in law I'm gonna miss you so will many others so till we meet again peace to you always and forever .

“ Rick is like my second dad and reminds me of many qualities like my own father. Always loved his grumpiness, especially when he would joke with Chris & Derek! Haha! He was a talent with the crochet needles and smart in many areas. He's been through a lot of pain, mentally and physically and I am sure he is happy to see

Brenda again, as well as family cats driving them crazy up there stealing pizza, haha!  
Rick will be severely missed. I love him like my own father.
